*Remember that the tax year begins on January 1; tax year 2026 began on January 1, 2026.

***Because a July 1 district will not have its median homestead value for the current tax year before the meeting where it will adopt its budget, the district has based its initial taxpayer impact statement on an estimate, using average values for both years. The median value is not available at this time, so the average value has been used. The taxpayer impact statement will be revised when more accurate information becomes available.
